I've forwarded your photos to the sign supervisor for Western Yard. When this was reported yesterday via phone was it to: 213-485-4184?

That's our parking enforcement dispatch and is generally who we call to report immediate safety concerns such as downed stop signs.

Dear Christopher:

I have attached three (3) photos of the broken stop sign that was sheered off this past Saturday night around 12am. The stop sign is still at the location on the nw corner of McCadden at Santa Monica. It appears that it would be wise to have the pole covered by a red cone so that the general public does not get hurt.

Do I need to report this on LADOT service request website?
